Current GPA:

List the GSAT faculty members whose research aligns with your interests:

E-mail Address:

Telephone:

Citizenship:

Applicants to the **Genome Science and Technology (GSAT) Graduate Program** are asked to submit the following materials directly to the program coordinator at gsatgrad@msl.ubc.ca.

1. **Background Statement (maximum 500 words)**

Provide a brief overview of your background in the life sciences and/or quantitative sciences such as mathematics, statistics, computer science, or engineering. Include details about your academic experience, relevant work or research experience, and any additional information that may help the Selection Committee assess your qualifications.

2. **Research Interests**

Briefly describe why you are interested in working with the GSAT faculty member(s) you listed above. You may include details about your academic background, research experience, or specific interests that align with or complement their research.

3. **Curriculum Vitae (CV)**

Submit a current CV that includes your most recent honours, awards, and any publications.

4. **Academic Transcripts**

Provide copies of transcripts from all post-secondary institutions you have attended.

All application materials should be combined into a **single PDF file**, arranged in the order listed above, and sent to the **GSAT Graduate Program Coordinator** at gsatgrad@msl.ubc.ca.
